

# Wanna be a Rock Star?

## become an Art Corps™ volunteer

Art education is so important to the well-rounded development of our kids. Not only does it promote innovative thinking, but it is also a valuable tool that enhances all kinds of learning. As a parent volunteer you will be able to spark creativity and inspiration in the classroom. How often does one get the opportunity to have such a direct impact on our children's education?

Did I mention **YOU NEED NO ARTISTIC TALENT OR TEACHING BACKGROUND?**

It's so easy. Art Corps™ provides the lesson plans, MRE FFA provides the materials, you simply provide your time and enthusiasm. In one-hour teaching workshops, Art Corps™ teaches you the lesson and, with the help of other classroom volunteers, you bring the concepts to the kids.
