

WHERE **ENGINEERING** MEETS **IMAGINATION**

Challenge Island is a one-of-a-kind enrichment program on the cutting edge of S.T.E.A.M. (science, technology, engineering, art, & math) education and 21st Century Learning. We take children on a unique “island” adventure where they work in collaborative tribes to take on various STEM/STEAM challenges using only the materials in their treasure chest and their creativity.
