

Last session we made our own soil with old homework pages!

# APR 13 – JUN 8

## GARDEN CLUB

### Can You Dig It?!

Come play in the dirt and be a Miramar Ranch Farmer. There's so much life to discover in the garden, and food always tastes better when you grow it yourself. You'll make great snacks too!

So come learn about the circle of life. You'll harvest vegetables for yourselves and your school cafeteria so your friends and family can enjoy it too! Reserve you space early - this club is sure to fill fast!
